1. The former paper factory in Csillaghegy (Q48/H53) has been converted recently into a military depot. It is not known what is being stored there. In the middle of 1950 a new paved highway was just completed linking the depot with the center of Budapest (Q48/H52). Russian ZIS truck traffic along this road is very heavy, but again, it has not yet been determined what these trucks carry. The entire area of the old paper factory is now heavily guarded by Hungarian State Police.
2. The former mineral water factory ( Asvanyviz Uzem ) is now producing attack boats and pontoon bridges. One of the workers employed in this factory says that the factory is committed to produce 1,000 boats before Christmas.\*
3. On the Danube bathing beach between Csillaghegy and Romaifürdő (coord. unknown ), there are many troops billeted in beach houses and week-end houses. The exact troop strength is not known. This beach was formerly named " Hungaria " and later " St. Stephen".
4. Many of the large mansions on Pasareti Ut. in Budapest have been requisitioned and are now occupied by either Soviet families or families of the Hungarian State Police officials.

Comment:

It is not known when the period began, but presumably he means that 1,000 boats must be produced between 1 November and 25 December 1950.
